ERC concerned about illegal broadcast

The Ethnic Relations Commission has been notified of an illegal radio transmission.

The broadcast which reportedly emanates from the Linden area is in contravention of broadcast and wireless transmission regulations.

The content of the broadcast is reportedly also of question and can have negative implications for the nation especially around this elections period.

The Commission is calling on the operators using the frequency to immediately desist from doing so.

The Commission will be launching an investigation into the matter and will be monitoring the frequency being used for the transmission.
